

I wish to lodge a protest regarding Sinclair's intention to air "Stolen Honor." I am not opposed to the airing of documentaries of any kind, but at this time, during the preidential election, if this one-sided view is allowed to air without the balance of a documentary like "Going Upriver," the public airways are doing a disservice for the American People.

Democracy implies many voices. Our public airways must stive to be responsible carriers of plurality. Media monopolies are a huge danger to democracy. I expect the FCC to keep this in its awareness, and to act accordingly. Stop the airing of "Stolen Honor" unless equal time is given to "Going Upriver."
